“ She was an exceptional person and teacher. She taught both of my children. She even came to my house and tutored my son when he was about to take the STAAR test in elementary school. He passed because of her. She was just special and I am so honored to have known her. Long ago I gave her a cutting from our antique rose bush and it is probably thriving just like everyone she nurtured. Our family loved you.

“ Barbara and Allen gave us some flower bulbs several years ago. Every spring when they bloom, I think of Allen. Now I will fondly remember both of them every time I look at my beautiful flowers. Condolences to her children and family. She was a fun friend and kind, generous lady.

“ I met Barbara at her Doctor Office and me and her been friends since day one, her and Mr McMillan would always come in with smiles on their face and always cheerful, and she would show me pictures of her family from her phone every time she come in the office, and would have so much love and pride doing so, She was very special to everyone in our Office and she will truly be missed, a couple of us was able to go see her not long ago, and we took a couple of things to her and listen to some music and had a good visit with her and she still was a hoot and kept saying she was happy and she had made peace, She was truly a Wonderful Beautiful Lady!
