

# Carson Thelen

August 12, 2021

Carson Lee Thelen was born in Houston, Texas on May 20, 2003 to Chris & Sonya Thelen. From the time he was born, Carson was a light and joy to those who were blessed to know him. He loved fiercely and took on life with a unique perspective, as well as an unmatched determination. As a close friend eloquently stated, "I've never met someone with such an open mind and inviting heart."

As a young boy, Carson was involved in youth sports, church, Boy Scouts, Chess Club, piano, band, and wanted every type of animal as a pet. He excelled in all things academic, consistently made the A Honor Roll, maintained his place in the top 5 % of his high school class, and was looking forward to obtaining his IB diploma from Magnolia ISD. Carson had a very playful side and was known for his frequent witty, drop-the-mic comments, his mischievous nature, numerous pranks, and a smile that warmed our hearts. Carson looked forward to & relished in the moments he got to spend with family at the deer lease, the cabin in Minnesota, playing with his 3 siblings, and attending A&M football games. Carson was gifted with extraordinarily creative intelligence. He designed and constructed ultimate gaming computers, was a wizard at math and technology, had a gift of writing, was enthralled with philosophy, was passionate about reading, loved painting,....and God help you if you ever got into a debate with him. After being diagnosed with a rare pediatric cancer just before his 17th birthday, he decided he would pursue degrees in chemical engineering and medicine in order to become the most impactful Oncology Researcher. Carson's journey made a tremendous impact through social media. His positive attitude, determination, strength and love led thousands of people to unite in heightened faith, and the world witnessed as this boy led thousands to Christ. Carson spent countless hours in awe and appreciation of the number of people praying for him, and he was emphatically thankful for the abundance of love & support from both his online and local communities. Through his social media following, Carson raised over \$85,000 for cancer research. He also worked on projects with the Sarcoma Foundation, as well as Peel Therapeutics. Cancer didn't define Carson; Carson defined cancer. While going through aggressive treatment for stage 4 cancer, he went on an amazing hunting trip with Texas Boys Outdoors, went on several fishing trips, traveled to Minnesota, went skiing in Colorado for the first time (and learned to snowboard!), and celebrated his 18th birthday in

Hawaii. He embraced every second of life with an eagerness to experience and soak it all in.

Carson also had a fervent desire to influence and help others. He often declared, "I want to do my part to be sure other kids don't have to go through what I'm going through. We have to do better. We have to find a cure." In keeping with this spirit, Carson registered to donate his tumor tissue to Children's Cancer Therapy Development Institute in the event of his death. His family also made a commitment to Carson to continue his endeavors by developing the CarsonConfrontsCancer Foundation. Carson's organization will work to advocate for and support critically ill pediatric patients, as well as provide resources for innovative cancer research. Carson wanted to leave a legacy. He wanted to be remembered. He wanted to make our world a better place.

Carson wasn't able to live the life on earth that he hoped to live, so we must go forth and do it for him. Live your best life today: spend time with your friends & loved ones, love God and love others, seize moments, find joy in all circumstances, make a positive impact on the world around you, tell someone you love them.

Carson is survived by his three siblings, whom he loved with all his heart: Caleb, Colby & Carissa Thelen. He is also survived by his mom, Sonya Thelen Meldahl, and his dad, Christopher Thelen; grandparents Bob & Marilyn Thelen, Genie Wood & Ted Becker, and David & Eileen Wood; as well as by uncles Mark Thelen & wife Jessica, David Thelen, Marlon Wood & wife Chin, David Wood Jr; aunts Bea Wood and Fei Wood; stepfamily Eric Meldahl (stepdad), Carson Meldahl (stepbrother), Brian Meldahl, Barbara Naftolin, Dave & Jane Meldahl, Mike & Stacey Pashall, & Alysen and Matt Weller; numerous cousins, family members, and friends; as well as his dogs Harley, Auggie, Cowboy, and Maggie, and of course, his kitten, Lorax. He is preceded in death by his older sister, Grace Annabelle Thelen & his aunt, Michelle Thelen.

In lieu of flowers, we request donations to @CarsonConfrontsCancer so we can carry on the work that he began. 100% of all donations will go toward launching the CarsonConfrontsCancer Foundation; supporting critically ill pediatric patients, cancer research programs, and toward the PEEL Therapeutics Clinical Trial for Rhabdomyosarcoma. You may donate via venmo (@CarsonConfrontsCancer), the CarsonConfrontsCancer facebook page, or mail to CarsonConfrontsCancer 6606 FM 1488 STE 312, Magnolia, Tx 77354. ♡

The Addison family and staff of Magnolia Funeral Home offer condolences to Carson's family and friends during this difficult time.

“ What a beautiful-God Loving young man. I know this young man’s mother and was blessed to have her lead our school by her love of the Lord. This family, especially Carson, have been an example of what true faith and obedience should look like in a walk with our Lord. Carson your time on earth might be done physically but spiritually it will continue for decades.

“ I followed Carson and his family from the start. My deepest condolences go out to you all. As I now first hand what this terrible disease can do to a family. But you had such a brave young man there he held his face all the way to the end. I will always remember your young man and a smile he had on his face and the joy he had spent God has him now he is no more pain and may God bless you and your family and keep you all well as I will continue to watch? God bless you all. rip Carson your journey has just begone.

“ Carson was such an amazing and inspirational and intelligent young man and he definitely left a mark on this life and world and even though he had cancer, he used it to the good of others and that is truly amazing and shows the genuine and big heart he had. He is at peace and happy in heaven until the day you are reunited again and I hope your family feels the comfort and peace of God's love. God and Jesus love your family. Carson will be remembered forever.

“ Like so many others, I started following Carson's fight against cancer and saw the most amazing faith and love of God. I know he brought many, including me, closer to Jesus Christ. He is rejoicing in Heaven and there is no more cancer and no more pain. I loved this young man and his beautiful smile. I will always remember him and his courageous Momma. Know this, your family will always be in my thoughts and prayers.

“ I started following Carson's journey on Facebook. I can say he truly was an inspiration. His faith in God and his upbeat attitude was so admirable. I looked forward to his mom's post and prayed our father would heal him. You had so many people praying for you Carson but God must of needed you in heaven. To Carson's family .... Thank you for sharing Carson's journey with us. May God wrap his arms around you all and give you peace and know that Carson is whole and cancer free. Please take comfort and know that Carson's last breath on earth was his first breath in heaven. We love you buddy! Rest easy 🕊
