“ Dear Carol--my heart broke at the news of Clay's passing. What a sweet, kind and loving person he was in high school and college. We lost touch after that, but I was thrilled to reconnect with him in recent years via social media. And was so happy to see that he had not changed. I know this loss has hit you hard and I pray that memories of his kind heart and sweet soul bring you peace and comfort.

“ Clay was one of the nicest, most genuine people i’ve ever known. After high school, we attended the same university. Whenever we ran in to each other, he always made me feel like he was a good and caring friend. Always loved seeing him. Will truly miss the way Clay brightened up the world around him.

My heart is with you all. Clay and I have been friends since elementary school.
So many memories through the years....short version...
As children, attending school together, riding bikes and spending summers at the Robindell Neighborhood Pool.
As college kids, being lifeguards during summer break at the Robindell Neighborhood Pool.
Our parents playing bridge and travelling together through the years.
Please know you are surrounded by family and friends.
