“ I don't think people realize what a huge heart David had. He fixed my daughter's A/C for nothing ... We live 2 and a half hrs away and he would call pizza hut here and have pizza sent to me n my grandbabies. They called him , "Mr Pizza" I'm truly going to miss him .. He was the one I called when I was upset hurt or mad or just because I was bored ... He was truly my friend since we were just kids..

I love you David I know you tried hard I know it's not how you wanted things to go.. And it doesn't change how I feel about you . I love you friend .. Be there with James and Robert when I come home. RIP.

“ My brother had a huge heart. He would help anyone in need and was a hard worker. It use to tickle me to watch him and his challenges with the cellphone. He would be going to a job site and trying to use the maps. It was inevitable he was going to miss his turn and get mad at that phone.

He leaves a huge hole in my heart! But he is now with so many loved ones who loved him. He is free of pain and the demons that he fought so hard to keep at bay. Until, I see you on the other side my dear brother!

I am so sorry for your loss. One of my favorite memories of David was his excitement about a year ago after he purchased a remote controlled snake. The first time David used it was at my house while he was working on my AC. My 8 year old son saw the snake, tore it in half and threw it over the fence into my neighbors yard in a fit of panic / 8 year old excitement. David thought this was hilarious and ever since then he often mentioned with a huge grin how it was totally worth it even though he only got to use the snake once. Rest In Peace David, I miss you. - Scott
