

Ethel Mitchell

October 1, 2021

Ethel Clark Mitchell grew up with her family in Magnolia, Texas. After graduating from Magnolia High School she enrolled at Sam Houston University where she earned her degree in Education at the ripe old age of 20. After graduation, Ethel spent many years teaching for several school districts.

After her teaching career, Ethel met and fell in love with Dr Dwayne Mitchell. They married and Ethel worked faithfully with "Doc," running his office up until the time of his passing. Her next chapter was teaching inmates at the prison in Huntsville, Texas. She loved her job and always had an interesting story to tell about her experience working there.

Ethel loved spending time with family. Never having children of her own, she was especially fond of her many nieces and nephews. Every one of them have wonderful memories of time spent with Aunt Ethel. She was well loved and will be missed.

The Addison family and staff of Magnolia Funeral Home extend condolences to Ethel's family and friends during this difficult time.

“ I had the pleasure of working with her a few times in my career and I always enjoyed having her. I remember going to her house one time and the funny and special interaction she had with her sister. They made me laugh a lot. I always enjoyed her stories and she was recently on my mind again. I am sorry to come across her name here . Prayers to her family.

“ To me Ethel was a very special lady and friend. We met years ago when Dolly and Tony invited me to their home for one of their many celebrations. Our paths would cross over the years in Dr. Corey's office, in Tomball Hospital and in retirement homes when Ethel was ill. My pet pal "George" and "Teddy Bear" loved her and she loved them. It has been an honor to call her friend and share her life and memories with her awesome family.
