“ Gary became a mentor and a shining ray of hope to me when we first met in 1998. Our Saturday morning breakfasts for more than ten years were often a highlight to several of those who joined you for fellowship and laughter even after you and Peg moved from Houston to Magnolia. While my wife Suzy wept at your passing I have sufficient faith and hope that you are surrounded by all the dogs that jumped their rainbow bridges before you and that you have rejoined your Peg. It seemed strange that we talked shortly after your bypass surgery and you were moved to cardiac rehab in Katy a mere 3 miles from our front door. I will miss you old friend; it was my honor and privilege to have known you. Walk with your pups, garden your orchids and Rest In Peace after a life well lived.

Your friends, Jim and Suzanne Sievert.
