“ Guy was one of a kind. We met him while we lived on the mountain near him. He always treated me with respect and called me Mz Marian. He and Jim became good friends and Jim did a lot of work with Guy on his “cat” and snowplow. He is gone too soon and will be missed.

“ I met Guy while doing tile work and later on that next year spent almost everyday during the summer up there fixing various things and helping him get his house finished. He was one of the greatest people I have met and was a true friend and I'm glad I got the chance to meet him my condolences to his family. Rest In Peace Guy

“ Guy was a very humble and gentle man. A man of many layers. Loved his guns and loading the perfect bullet, and his pet bunny rabbit that traveled with him on his 4 wheeler. Enjoyed sharing hunting stories, cooking for the guys, story telling, his green house and all those tomatoes. Always trying to be a good friend. Kept an eye on things on the mountain and the roads cleared. Guy was taken from us to soon and will be greatly missed by the Rowe family. Prayers for Guys family. Ray and Lauri Rowe

“ Guy was a great friend, excellent hunter, and a true outdoorsman. Guy deserves all the best. He was the kindest person—would help anyone! He was creative and super smart. Guy will be missed. His heart was always doing good. May God open his house to this amazing friend. Our prayers are with those left behind.

“ We will greatly miss our friend and neighbor on the mountain. Guy was always welcoming and willing to spend the evening talking about hunting, firearms or politics. Guy especially looked forward to winter when his snowmobile friends would make their annual trip. We will greatly miss spending evenings at his place and sharing oilfield stories. RIP Guy, you will be missed...

“ Guy, what a character. Those of us that knew Guy well, miss him dearly. Probably the best memory was when Guy came down for Christmas dinner. He loved mom's potato salad and asked for it all of the time. I'm sorry for your loss and God bless his family.
