“ *From Granddaughter Lisa*

Time spent with my grandfather in March of 2022. I will always remember our last visit. He was so happy to see us and spend the afternoon with us, especially mom. Lots of laughter and hugs! You definitely don't know when the last time you will see or talk to someone will be, so make each day count! And that day, I will always hold close to my heart. Love Lisa

“ There are so many memories of times spent with my Dad. Today I have to say the one that will stand out for a very long time is when James, Lisa (his granddaughter) her husband Randy and I went to visit him for the afternoon in March of 2022. Sadly our last real visit. Dad felt well and he was truly as happy as I was for the visit. My only regret is that I didn't stay just a little longer and hug him just a little tighter and longer. There were many adventures, trips and visits over the years but this one was my favorite. I will miss you very much, but I am so thankful for the peace you surely must have now. I love you Dad. “ It has been an honor to have him as my dad. He will be missed so much. I will miss going to get milkshakes and then going to the park to just sit there and talk about life, the past and future with dad. We shared so much together, I have so many memories with dad and I will cherish every minute that I was able to spend with him. Dad and I have traveled hundreds of miles going to yard sales and having lunch. I love you so much and will miss you dearly. Rest easy dad, until we meet again.

“ My pops was classified as a **BADASS PARATROOPER**,  
He kept the piece out here,  
The memory of us being pulled over by the Arkansas highway patrol  
back in the early 90's .  
On our way to Tennessee.  
Love you always and I will look up when I shed a tear , and **LOVE**
