“ *I didn't know Jimmy, but I know his beautiful kind hearted wife.*

Jimmy must have been one heck of a man for Sharon to find him and I'm sure that search went both ways.

Sharon is my cousin. I remember constantly playing dolls with her as a child.

Back in the good old days, when you pulled an apple off a tree, took a bite and saw the other side of the worm, you more than likely eat around the worm.

We might not of had a lot of class at 5, but we had a lot of love.

Sharon, this is Pam. I have no words that could stop or help your pain.

I only have the comfort, love, and prayers that I am sending you from Kentucky.
