

Joe George

December 1, 2025

Joe George passed away at the age of 75 in his home in Hockley Texas surrounded by family. He grew up on the north side of Houston graduating from Sam Houston High in 1970. Joe worked as a lineman for 40 years with Houston Lighting and Power, HL&P, known as Centerpoint Energy today. He enjoyed the job working hard and climbing light poles to restore power for many people.

Joe met Brenda in 1985 and they happily married on May 2, 1987. They spent 38 years of marriage together raising two beautiful daughters, Megan and Brittany.

Joe enjoyed driving around in his 1968 mint green Chevrolet truck and was recognized wherever he went in our small town. Joe also enjoyed spending time out in his yard whether it was tending to his garden, rose bushes or watering the trees he had planted.

After retirement, you could find him wandering the isles of a resale shop collecting and showing his family and friends his finds.

He was a caring and hardworking husband, father and grandpa and will be deeply missed.

Preceded in death by parents John Whitson George Sr. and Florence Michalak George, brothers Johnny George, Leo Michalak and Kenneth George

Survived by wife Brenda George, daughters Megan George, Brittany George and husband Carlos Jimenez; grandson Connor Jimenez

The Addison family and staff of Magnolia Funeral Home extend condolences to the George family during this difficult time.
