“ *My condolences to Keith's family and friends. I used to work with Keith during the hay days at Compaq Computer. Keith was a master at Lotus 123 and many other things back in the day and was a great debug tech. I recall he always enjoyed an over ripe banana with his lunch. You will be missed:(*

“ Anita, Caroline, Julie, Joseph and Andrew,

I am deeply saddened to hear of Keith's passing and the grief it brings. I have so many great and lasting memories with the Pellerin's. Every time I go down 1488 I think of your generosity and all the great times we had your house as our kids were growing up. There are no words to ease your loss but won't you to know how much I appreciate the fun memories you have provided. My life was made better knowing and experiencing Keith's friendship. Peace and comfort to you as you mourn.
