“ I knew Kenice decades ago when she was raising her children. I saw her at one of my relatives house on Fourth of July. I know she was so proud of her children and grandchildren. I looked at her Facebook posts a few days ago and saw a hilarious video of a washing machine with bubbles going everywhere like too much detergent had been put in it. It reminded of a skit from Lucy and Ethel. It takes a confident person to be able to laugh at life's little challenges and share it with others.
