“*Latrice was the most honest loyal friend, she and I would have our gossip coffee/ Dr Pepper sessions every other tuesday before her stroke We had a good friendship. I visited her in the hospital after her stroke and brought her some things to work on regaining her strength where she had lost use of her arm and hand. Instead of being devastated she told me it was just a little set back she'd be up and moving in no time. She was so positive and so giving. Her favorite word was "Ridiculous" It would make me laugh the way she said it. now I say "As Latrice would say" Thats RIDICULOUS" My condolences to Larry Rachel Jerimy Jennifer and the rest of the family Your MOM was the Electric current that kept you connected and grounded to earth!
