“ Lenny was a very special person. He was kind, more than passing generous, intelligent, fun loving and people loving. I think more than anything else he cared about his family. I feel honored to have known him and called him friend.

“ I was saddened to hear of Lennys' passing. Although I only knew him a short time, he will be missed. He always had a twinkle in his eyes and a smile to go along with that twinkle. He had a lot to offer this world. May his spirit always be in the heart
