“ We are so sad to hear the news about Dick, and our thoughts go out to Teresa and their kids. I was lucky to spend so much time with Dick during our Data General days and enjoyed every minute with him. He was one of the smartest, most generous, and fun people I've ever known, and I know he influenced me a great deal to be the person I am today, as much as I looked up to him. I regret that we lost touch these last years but I thought about him often - the countless staff meetings, our trips together to Asia, him spanking me on the golf course at Preston, and our countless visits to Boston for work. You made the world a better place.
Love ya Dickie.
