“ *Shorty, you already know how much You and Rick both have meant to all of us. Vacations, late nights at the hall field phone calls and visits over a number of years. Not enough I know the last years for we know. There are no words that can say how painful this loss is nor can they help ease the loss and pain you feel . Know that he will forever be with all of us because of the person he was, he leaves so many fun memories with us all He never met a stranger and treated our girls like family and we truly thank you both for that gift. Rick your in our hearts and memories forever because we will keep you there and around our family conversations often I know because you gave us such awesome times to share.*
