

Ronald Joseph Canal

February 13, 2022

Ronald Joseph Canal, 78, of New Orleans, LA passed away on February 13th, 2022 in Tomball, TX.

Ron was born on April 26th, 1943, to Joseph and Florence Canal in New Orleans, LA. After graduating from East Jefferson High School, he met the love of his life Jo Lynn Bravo. They fell in love, got married, and became lifelong partners. In 1963, Ron landed his first job in automotive with Cummins Mid-South. He continued to work in the automotive industry while raising three children. In 1978, he began his career with Ford Motor Company where he flourished until his retirement in 2005.

Ron was a force of nature, determined to provide for his family and give them the life he felt they deserved. He never met a stranger, always had time for everyone, and never failed to make them feel special. His family and friends meant more to him than anything else in the world, something he often mentioned. While achieving professional success, Ron enjoyed many activities from camping, coaching, dancing, and traveling.

Ron was the most loving husband and father a family could ask for. Ron was predeceased by his mother Florence (Obiol) and his father Joseph. He is survived by wife Jo Lynn (Bravo) Canal and his sister Joy (Canal) Martin and husband Bob. His children son Dwayne Canal and wife Terri, son Darryl Canal

and wife Anlla, and daughter Denise (Canal) Sealey and husband Forrest. His biggest pride was his nine grandchildren. Glenn, Timothy, and Andrew Canal (Dwayne); Devon, Lawson, and Grayson Canal (Darryl); Garret, Toby, and Kylie Sealey (Denise).

The family requests flowers or donations be made to the charity of your choice.

The Addison family and staff of Magnolia Funeral Home extend condolences to the Canal family and friends during this difficult time.

“ *Ron and I were colleagues at Ford for well over 10 years. I will always remember Ron as a “can do” employee. His word was his bond, and his accounts loved him for that one attribute. When Ron said he would get something done, he got it done. I will miss Ron’s companionship and his friendship. He was truly one of the “good guys” at Ford. R.I.P. Ron. We will sorely miss you.*

“ Ron opened his home and heart to our family from the time our son married his and JoLynn's daughter. To see him teasing and playing with our grandchildren was a joy to watch. He leaves many memories that are treasures in our hearts. Two trees are being planted in our national forest to honor his memory.

“ From the moment that I joined the Canal family, I considered you as my second dad...in law just did not seem to fit. I loved our little battles when you would give me a hard time and I in turn dished it right back at you. I will miss your infectious laugh. I will miss the way you cherished your family and made those around you feel loved including me. I will miss our Spring Break trips but am so fortunate to have taken the time to schedule them. I will miss the zillion road trip questions that Dwayne would love to throw at you...not to make you mad but so that future generations would know your history. I know that life has not been easy for you over the years but you can now rest easy. Until we have the joy of seeing you again, you will remain in my heart. Thank you for your love and for being my other dad. I will miss you but am grateful to have had you in my life for the past 25 years.

“ *My grandfather was dedicated to those he cared about - he took pride in his work, his family, and his ability to provide for others.*

He loved people and wanted to know their stories. He made sure to carve his own.

The simple presence of his loved ones was more than enough to keep him going, even when things were difficult; If there was family around, he was content. He was thriving.

He's one of the special people in my life who never ceased to believe in both me and my endeavors and, until I pass, it will continue to mean the world.

You will live on in our words - in our stories, in our reflections, and in our timeline.

Thank you for everything that you've done. Know that you've left an impact.

“ Throughout my life I visited my grandpa numerous times and Everytime I did he would always have nice things to say and he talked about how proud he was of me. He always put family above all else and Everytime I saw him I was reminded of that he even took the time to teach me how to boil crawfish when I was little. my grandpa was a kind man and I will always look up to and try to be as good of a man as him.

“ I have always been proud to have this great man as a father, mentor, hero and friend.

Dad, I know that I wasn't the easiest child to raise, but you never gave up and believed in me. Thank you for a lifetime patience, forgiveness and love. (Especially the patience, which I often tested, and forgiveness, which I didn't always deserve.)

“ Many years ago, a group of the guys on Arkansas Street (husbands & fathers) got together & decided to go crawfishing. They went in the canals in Metairie and proudly brought their hefty catch home. The only problem was the crawfish were too oily, so they ended up getting some store bought crawfish. In typical New Orleans style, they made the best of the situation. This bunch of guys, threw a crawfish boil party. Ronnie set up the music in his garage & we partied to rock & roll & oldies music that night. This block on Arkansas Street was one of the best group of people on Earth. This is how we remembered Ronnie. Wonderful memories ❤️

“ You were a major example to me on what, and who a good and family oriented man is, I'll always be grateful for you making me feel comfortable with the words of wisdom you shared with me when I joined this family 18 years ago, thank you for my Father, who is the man I aspire to be, and thank you for being an awesome grandfather and letting me serve beers to you and all your friends, and thank you for all the crawfish, which is one of my favorite foods and a Canal family staple, and nobody can do it like you could. I love you PaPa, and I'll miss you. Love, Glenn Canal
