“ *Tonight I sat and cried my eyes out. Trying not to be too loud as the kids are watching tv in the living room. I heard our favorite song today and it made me think of you. I watched a few YouTube videos and your song came on with me selecting them.*

*I'm sorry my number had to be changed and you didn't have it. You used to call me single time you were unhappy. Every time you cried and every time something made you happy. I'm sorry. I wish everything was different. I miss you.*
