“ Steve and I have been friends since 1970. We went to the same school, Magnolia Elementary, Intermediate, and High School. He had a genuine smile and he was always there for me in my life from day one until the end. I loved him dearly and I'm gonna really miss him. Rest in the Lord Steven. Praying for his family too.

Donald Ray Sherman - April 25, 2025 at 06:00 PM

“ When we got the news that Steve’s cancer was terminal I insisted we do a photoshoot. I’m so happy we captured these images of him and my mother and him with his tractor and moto that he was so proud of!

“ Steve was an awesome stepdad to us girls! I remember one time I was having the worst day and my car was acting up. He popped the hood and figured it out and even changed my oil before I got back on the road. I called him when I had a question about my house (which was quite often through the years) and he always had the answer. He could build anything and had a lot of knowledge about the structure of buildings. I will miss his wisdom! He never failed to prove how intelligent he was when explaining things. Many times he used terminology I had never heard of, but I always learned something new.

Our most recent memory that I know Cason will never forget was Steve taking us out riding around on his new moto that he was so proud of! He whipped us around through the streets going what felt like 100 mph and I could tell he was having a blast too!

We will miss you Steve!Until we meet again.

“ From going above and beyond to build us haunted houses on halloween as kids, to Steve and my grandma KayKay buying me my first electric guitar for Christmas, and letting me sing in the band he played in, to Steve and my grandma KayKay for giving us a place to call home that we could always go back to. To the memories of gathering together and working at our family Lake house, to Steve being so excited about his new ranger and taking the family out on it. There are so many memories throughout the years but not enough pages to write. Time is an odd thing, and we never seem to have enough, but we will forever cherish and be grateful for the time we had with him. Fly high Steve, we will take care of KayKay. Save us a seat as it's never really a goodbye, but a see you later 🥰 🙏

“ Steve will be truly missed. He was always brightening up the room with his beautiful smile. He was always building and fixing everything. I remember him teaching me how to tune and play my guitar when I was little. He was always so helpful and grateful for everything. He truly was such a special person. I enjoyed watching the love between him and my grandma Kay. They always took care of each other and were always there for each other no matter what. It was such a beautiful blessing to witness. I am so grateful to have known you. I love you Steve, rest in peace and save us a seat up there.

“ There are not enough words to say all the good things about Steve. He loved building and repairing anything he could. He had a love for music and Guitars . He loved nature and being and doing things outside. He enjoyed trips to the Texas Hill Country and Livingston. He will be so truly missed !! We Love you Steve , Now and Forever!!
