“ I just found out today about Steve's passing. I pray that his memory will be a blessing to his family and friends. Steve was a gentle soul who spoke his mind but was always willing to listen to others opinions as much as he shared his. He loved his family and he loved God. I remember many mornings before services when people would gather for prayer and while many of us would walk and pray or sit and pray, Steve would be fully prostrated praying with all his heart, in total humility before the Master of the Universe. Because there were several people named Steve there he lovingly got the nickname 'Floor Steve'. I will always remember the conversations we had and the encouragement he always gave me which I am so thankful for.

“ Steve was a kind and caring human being. He could be hard-headed (runs in our DNA 😬), but when it was evident he was wrong, I saw him time and time again admit it and learn from his error. I've personally not found many people with that quality. We were cousins, but at times argued like siblings. He truly had a positive impact on my life and I'm honored to have been his cousin.

“ I honor Steve's courage, resilience, and patient endurance as he very slowly declined following repeated mercury poisonings in a USAF assignment. His memory will always be a blessing.

“ I was very sad to hear of Steve's passing. I had a lot of respect for Steve. He shared his life with my Sis for many decades. I only regret that I didn't get to spend more time with him and the family before He left us.
Rest in peace, Steve
